To Our International Customers:

We presently do not have the proper authorizations to ship our products outside the United States. However, we are **ALLOWED TO SHIP SHOTGUN SHELLS AND OUR RELOAD KITS ONLY – NO rifle or pistol cases**. We have been accommodating our international customers by shipping to friends/relatives who live in the United States. They in turn ship to our customers.

If you have a USA address for us to ship to, that would be very helpful. All we need from you is:

- ✓ **Your home mailing address, email address &/or phone number**
- ✓ **USA mailing address**
- ✓ **Payment information - we accept most major credit cards and money orders.**

Thank you for your understanding in this frustrating matter. We hope we can be of service to you.
